Heavy Equipment Cleaning

Heavy construction equipment is continuously pounded throughout its work lifespan. Regular cleaning not only improves its appearance on the job, but it can help extend usage time. Grease impregnated with sand and dirt can cause unnecessary wear and tear, gears packed with sand and dirt will wear out quicker and engines and radiators covered in mud and asphalt will overheat and cause major damage and expensive repair costs.

Why Choose our Mobile Heavy Equipment Cleaning Services?

- Clean safely and professionally
- We come to you "almost anywhere"
- Environmentally friendly fully contained system
- Undercarriage ramps for complete cleaning
- We supply and take away our water
- Provide written safety plan (JSA)
- Use only qualified, trained professionals

Benefits:

- Minimize your cleaning costs.
- Minimize your daily commuting time
- Enhanced safety-clean vehicles are easy to inspect and maintain
- Enhanced safety-clean vehicles are easier to spot on the road
- Improved vehicle life - vehicles last longer
- Reduced costs (all is provided including supervision, safety equipment, training, manpower, insurance, cleaning products, parts, fuel, and environmental controls)
- Improved public image - your company logo will stand out on clean trucks and vehicles

A1 SCS ensures a high quality level and satisfaction rate. Should you have any questions or concerns, please contact us and we will provide you with the solution.

Our job is to make you look good!
